

27 March 2023

Dear Parent/Carer

Re: Prefects 2023-2024

I am writing to give details regarding Prefect selection this year. Year 10 students will be invited through GoogleClassroom to apply for the role of Prefect by Friday 21 April which will demand a commitment from them to:

- Uphold the values and standards of the school
- Act as a good role model
- Bring maturity and leadership to the school helping staff to run the school efficiently
- Be responsible and considerate
- Represent the school in the wider community

Please note that this is a competitive process and it may be that not all applicants will be accepted. We will be taking into account such factors as excellent uniform, positive behaviour record, consistent attendance, good punctuality and overall contribution to school life so far.

We are also looking to appoint the Senior Prefect Team, again a highly competitive process and will involve an interview selection task, if successful a small group of students will be taken to a formal interview with myself and the Headteacher. These will be selected on the basis of the following criteria:

- They have fulfilled all the criteria for being a Prefect
- They have fulfilled the additional criteria of excellent leadership qualities, communication skills and responsibility
- They have the self-confidence to make decisions

The Head Boy and Head Girl will carry out additional duties with reference to the organisation of school events, organise teams to attend and run on site parents' evenings and take a lead role in attending and delegating Prefects to the School Council and various sub committees. They will also be expected to undertake any other duties at the discretion of the Head.

Yours faithfully

Lynn Brown
Head of Achievement Year 10
