

April 2021

Dear Parent/Carer

Year 11 Progress Reporting

Please find enclosed your child's Progress Report. You will notice some changes to previous Progress Reports which this letter aims to clarify.

Previously, pupils have been given a progress grade by their subject teachers. You will notice that this has been removed and replaced with a space for pupils to write a 'Target for Improvement' for each subject area. Over the next two weeks, teachers will be using lesson time to hold individual discussions with pupils to ensure that they know precisely what they have to do in order to continue to achieve their best as we approach the final months. Kindly note that it is your child's responsibility to record the target(s) discussed with them by their teacher for their and your reference.

I hope that this Progress Review and your child's discussions with their teachers presents a meaningful picture and provides the information necessary for them to approach the remainder of the year with renewed purpose to achieve the success that we are all seeking for them. As always, I would strongly encourage pupils to discuss their Progress Report with you at home as the final weeks can still prove pivotal to their progress.

Yours faithfully

Ms L Kelly
Deputy Headteacher
