ABOUT THE PROPOSALS

The proposals are for the rebuild of the existing Springfield School with a new, three-storey 1,200 pupil place facility within the existing school site off Central Road. The scheme will deliver a modern, purpose-built school that provides excellent teaching spaces, internally and externally, optimised for learning, whilst also serving the community. The proposed building has been designed with education in mind, creating a safe space for all pupils, with high-quality facilities to enhance curriculum delivery.

Following pre-application discussions with planning officers, the development team has now arranged for a public information event to take place. This will allow local residents to learn more and provide feedback on the emerging proposals before the planning application is expected to be submitted in March 2025.

UNABLE TO ATTEND?

If you are unable to attend this event and would like to see a copy of the consultation boards, please contact:

Ben Christian - 02380 820900 - solentplanning@vailwilliams.com

There will be a further opportunity for local residents to submit a formal response to the proposals once the planning application has been submitted and validated by Portsmouth City Council.
