

Anti-Bullying Policy

Approved: 16 October 2025

Review date: October 2028

'Everyone has the right to attend school without fear of the bullying behaviour of others in any aspect of school life'

DEFINITION OF BULLYING

Bullying is "Behaviour by an individual or a group, usually repeated over time that intentionally hurts another individual either physically or emotionally". (DfE "Preventing and Tackling Bullying", July 2017)

Bullying can include: name calling, taunting, mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours. This includes the same inappropriate and harmful behaviours expressed via digital devices (cyberbullying) such as the sending of inappropriate messages by phone, text, Instant Messenger, through websites and social media sites, apps and gaming, and sending offensive or degrading images by mobile phone or via the internet. It is important to consider whether actions amount to bullying or are instead related to relational conflict, such as arguments. Accidental behaviour is not bullying, and a one off incident may not necessarily be bullying.

FORMS OF BULLYING COVERED BY THIS POLICY

Bullying can happen to anyone. This policy covers all types of bullying including:

- Bullying related to race, religion or culture
- Bullying related to SEND (Special Educational Needs or Disability)
- Bullying related to appearance or physical/mental health conditions
- Bullying related to sexual orientation or perceived sexual orientation (homophobic bullying)
- Bullying of young carers, children in care or otherwise related to home circumstances
- Sexist, sexual and transphobic bullying
- Bullying via technology (including online) – "cyberbullying"

PREVENTING, IDENTIFYING AND RESPONDING TO BULLYING

In line with the 2010 Equality Act and our Equality Policy, we are committed to protect members of the school from unlawful discrimination on the basis of unlawful gender, race, disability, religion or belief, sexual orientation, gender reassignment, pregnancy or maternity and to provide for the wellbeing and welfare of all. This approach underpins all aspects of the school's anti bullying work. The school community will:

- Create and support an inclusive environment, where pupils feel safe and which promotes a culture of mutual respect, consideration and care for others which will be upheld by all
- Proactively gather and record concerns and intelligence about bullying incidents and issues so as to effectively develop strategies to prevent bullying from occurring

- Work with staff, other agencies and the wider school community to identify and tackle all forms of prejudice-driven bullying, and, as a result, develop strategies to prevent occurrences of this
- Through the PDL Curriculum, actively provide systematic opportunities to develop pupils' social and emotional skills, including their resilience
- Provide a range of approaches for pupils, staff and parents/carers to report concerns, access support and resolve conflict
- Challenge practice which does not uphold the values of tolerance, non-discrimination and respect towards others
- Consider all opportunities for addressing bullying in all forms throughout the curriculum with a range of approaches such as: displays; assemblies; peer support and the School Council
- Regularly update and evaluate our approaches to take into account the developments of technology and provide up-to-date advice and education to all members of the community regarding positive online behaviour
- Train all staff including teaching staff, support staff and pastoral staff to identify all forms of bullying and to follow the school policy and procedures (including recording and reporting incidents)
- Actively create "safe spaces" for vulnerable children and young people and those who identify as LGBT
- Use a variety of techniques to resolve the issues between those who bully and those who have been bullied
- Include a copy of the Anti-Bullying Charter in the school prospectus and familiarise all new members of the school community with the policy as part of their respective induction processes
- Ensure that pupils understand the moral and legal situation with regard to cyber bullying, including "prank" calls from mobile phones and abusive communications either by social networks e.g. Facebook/snapchat, e-mail, MSN or texts/calls to mobiles. The E Safety Policy sets out good practice and is referred to in many curriculum contexts
- Promote an atmosphere of "IT'S OKAY TO TELL", through the communication of the policy to staff, pupils, parents and the wider community

DEALING WITH INCIDENTS

All incidents of bullying will be treated seriously and fully investigated

- Staff, parents and pupils must actively support the school's policy by reporting all incidents, or any suspected bullying activities that the subject of bullying may be afraid to report.
- All individuals involved, both the subject of the bullying and the alleged bully, as well as any witnesses will be interviewed. The expected outcome of this is that pupils take responsibility for their own behaviour and resolve to move on from the situation
- In applying sanctions to deal with the situation, the school's Behaviour and Discipline Policy will be implemented as appropriate to the incident. This may include the range of School Detentions, the Isolation Unit and suspension. These sanctions are not necessarily to be seen as progressive; instead they should be in response to the severity and/or duration of the incident
- Parents will be involved in all situations where the Behaviour and Discipline Policy has been implemented
- Subjects of bullying will be made aware of the sanctions that are being used. If appropriate the bully and subject of bullying will be counselled together. There will be appropriate support offered to bullies and subjects of bullying. This may involve outside agencies
- All reported incidents of bullying/prejudicial language are recorded on the ClassCharts system and/or Safeguard if there is an associated safeguarding concern.
- Each Year Office monitors those who bully and those who have been bullied. Senior staff may intervene where more serious action is required.

INVOLVEMENT OF PUPILS

We will:

- Regularly canvass children and young people's views on the extent and nature of bullying and their attitudes to school (including the completion and review of PASS survey data)
- Ensure that all pupils know how to express worries and anxieties about bullying
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying
- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum, by ensuring that the PDL curriculum build in opportunities for discussion about types of bullying, reasons for bullying and how bullying can be prevented
- Publicise the 'Wellbeing Support For Pupils booklet' and provide details of help lines and websites in accessible, public places
- Offer support to pupils who have been bullied and to those who are bullying in order to address the problems they have.
- Ensure that Tutor Group Assistants are trained to support Year 7 during induction, to allay any fears of bullying
- Use accredited programmes to train peer mentors in Year 10, and Anti-Bullying Ambassadors in Year 9, to operate drop-in sessions at lunchtimes for vulnerable pupils

LIAISON WITH PARENTS/CARERS

Parents can play a vital role by stressing to their children the importance of social behaviour and of the negative impact of anti-social behaviour. Parents are asked to actively support the Anti-Bullying policy by informing the school of any concerns they have regarding subjects of bullying or bullies. We will:

- Make sure that key information (including policies and named points of contact) about bullying is available to parents/carers in a variety of formats.
- Ensure that all parents/carers know who to contact if they are worried about bullying
- Inform parents/carers of any investigation into bullying involving their child

RESPONSIBILITIES

It is the responsibility of:

- Governors, the Head teacher, Senior Leaders, Teaching and Non-Teaching staff to be aware of this policy and implement it accordingly.
- The Head teacher to communicate the policy to the school community and to ensure that disciplinary measures are applied fairly, consistently and reasonably
- The Deputy Headteacher with responsibility for pastoral care is responsible for promoting this policy
- Staff to support and uphold the policy
- Parents/carers to support their children and work in partnership with the school
- Pupils to abide by the policy

MONITORING AND REVIEW

- The incidents and level of satisfactory resolutions recorded of bullying will be monitored by the Year Offices and the Anti-Bullying Co-ordinator and reported to the Senior Leadership Team and governors once a term
- The work of the TGAs in the Tutor groups will be monitored by the Head of Achievement for Year 7, in order to evaluate both their usefulness and the development of appropriate skills
- The Anti-Bullying Ambassadors and the Peer Mentors will be supported on a regular basis by the anti-Bullying Co-ordinator and the Pastoral Manager responsible, through discussion of the

nature of the interventions they have been dealing with and the skills that may require further support

- All staff, pupils and parents have an active part to play in the evolution, development and maintenance of this policy
- This policy will be bi-annually up-dated and reviewed by the Senior Leadership Team

Review: Autumn 2028

What happens if I get bullied?

REPORT

Report what is happening to a trusted adult such as your Tutor, a Teacher, Pastoral Manager, a Peer Mentor or Head of Achievement. You can do this by email or in person.

LISTEN

Your report will be taken seriously. Your Tutor or Pastoral Manager will speak to you and get more details about what has happened.

INVESTIGATE

We will speak to other students who have witnessed what happened and check CCTV (if available)

ACTION

Once we have the facts, we will then take appropriate steps to support you and help to ensure any further concerns do not happen.

RESTORE

We will always offer a restorative conversation between you and the other students involved. This will only happen with your consent but it is a great way to resolve the issues.

CHECK

A member of staff will check in with you after two weeks to make sure you are ok and no further issues are happening.
